

2-Day workshop on “Geometrical Interpretation of Mathematical Concepts” concluded at University of Kashmir

Srinagar, Aug 30: A 2-Day workshop on “Geometrical Interpretation of Mathematical Concepts” was organized by the Department of Mathematics, University of Kashmir in collaboration with Kashmir Mathematical Society and Dass Scientific Research Laboratory Ahmedabad during August 28-29, 2018. The main objective of the workshop was to help the participants to model and visualize important mathematical concepts, so that they can correlate these into any other form and develop a quick understanding of a problem and instantly find a method for its solution logically. The valedictory function of the programme was held at the Seminar Hall of the Department, which was presided by the Dean Research Prof. Zaffar Ahmad Reshi. In his presidential address, he emphasized the importance of mathematics in all disciplines of life and encouraged the participants to look forward in making mathematics attractive among students. About 40 participants both faculty and research scholars from Central University of Kashmir, IUST, Awantipora, Govt. Degree Colleges, University Departments, University South Campus, Govt. Hr. Sec Schools etc.

Dr. M. A. Khanday, the organizing Secretary of the workshop presented a full report of the programme and elaborated the aims and objectives of the workshop. He has appreciated the contribution of the speaker Prof. Chanchal Dass, Managing Director, DSRL Ahmedabad for shearing his valuable experience with the participants.

Prof. M. H. Gulzar, HOD Mathematics, Dr. B. A. Zargar and Dr. M. A. Mir were also present in the valedictory function of the workshop.
