

KU's South Campus organises free health camp for students, staff

Srinagar, June 16: The Health Centre of the Kashmir University's South Campus in collaboration with Government Medical College Anantnag organised a free health camp for its students and staff on Thursday.

A team of 12 doctors from GMC Anantnag from key specialisations including General Medicine, Psychiatry, Dentistry, Obstetrics and Gynaecology rendered their services at the day-long camp, which was inaugurated by Director South Campus Dr Mukhtar Khanday.

Dr Khanday highlighted the importance of holding such events and expressed his gratitude to the visiting team of doctors. He also extended his gratitude to Principal GMC Anantnag for his support in facilitating the medical camp.

Senior dental surgeon, Dr Aadil Wani from GMC Anantnag, introduced the visiting team and impressed upon the importance of healthcare awareness among the people.

At the end of the inaugural session, Dr Mohammad Ibrahim, Convener Health Center, led the doctors' team to the health camp venue, where a huge number of students and employees got examined by the specialist doctors.
