

## 2 KU engineering students get job offers from Ashok Leyland

**Srinagar, Sep 14:** Two students of Electrical Engineering stream from Kashmir University's Institute of Technology Zakura Campus have bagged job offers from Ashok Leyland, a leading commercial vehicle manufacturer in the country.

Filza Shah and Zarar Amin Lala were selected as Graduate Engineer Trainee after undergoing a rigorous placement drive and a five-tier recruitment process.

The Assessment Round was held on 20-21 July this year, followed by Gamification Round held on 5th August, and three other rounds including Group Discussion on 7th September and an Artificial Intelligence-based interview on 8th September.

The technical interview was held on 9th of September, following which offer letters were sent to Filza and Zarar on 13th September.

"Graduate Engineering Trainees will be provided training for one year at Hosur and then assigned to different locations," officials at IOT said.

Director IOT Zakura Campus Prof Gowhar Bashir Vakil complimented the two students for bagging the offers.

"At IOT Zakura we aim to facilitate placement of our students whom we always advise to work with dedication and commitment wherever they get an opportunity to work," he said.

He said more placement drives will be held in future at IOT Zakura.

Obaid Qureshi, In-Charge Placement Officer IOT Zakura facilitated the placement process.
